CLOSING EXERCISES OF HIGH ORDER

Finals of High School and the Literary Society—Award of Scholarships, Etc.

The first of the closing exercises of the High School took place on Monday evening. The Jeffersonian Literary Society gave an interesting entertainment. The exercises opened with prayer by the chaplain, Rev. C. R. Brown. Mr. Joseph A. Leslie, Jr., President of the society, made a nice and appropriate address of welcome. Misses Marea St. Clair, Mary Preston, Ellen Scott rendered nice selections of music. Mr. Lindsay McGuire gave a declamation, well received. Miss Dora Kelly read an essay on "Burke's Garden," detailing many interesting facts in regard to the settlement, beauty and richness of this famous community. Miss Elizabeth Hall and Margaret St. Clair gave readings which were well received. Little Miss Geraldine Kendrick brought down the house and took the audience by storm with recitations, remarkably well rendered for one of her years.

Interest centered chiefly, perhaps, in the debate, which followed, participated in by half dozen of the giants of the society. The question debated was, Resolved, That Modern Civilization Owes More to Greece than to Rome. The boys were lined up as follows: Affirmative—Theodore Polst, Earl Kendrick, Lapsley Carson; Negative—Edward Jackson, Robert Brown, Kenneth Patty. The decision was in favor of the negative.

The question on both sides was remarkably well discussed by these embryonic orators. The speeches showed that the boys had read history to some purpose. The negative side was dealt what seemed to be a solar plexus by the affirmation, viz: that Rome got her ideas and fundamental principles of all the arts and sciences, etc., from Greece, but retorted with telling effect by showing that the civilization of Greece was declining if not entirely effete and dead when Rome began her sway, and that we are indebted to Rome for many of our modern ideas, including Christianity, for, is not one of the chief epistles of the New Testament written to the Romans? The contest was sharp, swords clashed and sparks flew.

The young fellows acquitted themselves creditably indeed, but whatever of inspiration they received from the audience was not due to the presence and encouragement of their parents and patrons of the school. Most of them were conspicuous by their absence. If they were interested in the performances of their children they seemed to think that the best way to show it was by staying away. Perhaps they feared their presence would embarrass the performers. At any rate, they were not present at this closing exercises of the Jeffersonian.

The exercises of the graduating class occurred on Tuesday evening, and the address to the graduating class by Prof. G. L. Byrnm, of Roanoke, a former principal of the school.

The graduates, Miss Dora Kelly; Messrs. Kenneth Patty, Robert Brown, and Lapsley Carson read the following essays: Miss Kelly—Pictures; Mr. Patty—Character; Mr. Brown—Mystery; Mr. Carson—Ambition. The essays were interspersed by vocal and instrumental music, by Misses Mary Moore, Marguerite Steele, Chloe Carson, Marie McNulty, and Barns Moore.

The essays by each member of the graduating class were well prepared, and well received by the audience. Prof. Brynm's address, which was more in the nature of good, sound advice, and urged the graduating class and all other pupils of the school to continue to seek higher education, showing where an educated man and woman always stood higher in business, professions and other callings than those who were not educated.

The scholarships which are given the High School here, were awarded to the following: University of Virginia—Lapsley Carson; Washington and Lee—Robert Brown; Elizabeth College, Charlotte, N. C., scholarship for four years—Dora Kelly. A long list of pupils of the school who obtained distinctions in their studies, and those made an average of 95 or more in their final examinations were read by Professor Carson.

Was Harman Murdered?

Charlie Harman, son of Estill Harman, of near Berwinds, was found dead on the railroad tracks near Berwinds one day this week. He was 25 years old and leaves a wife and one child. Several theories have been advanced which may have caused Harman's untimely end. Some state that he was murdered and placed on the track, but one report states that he went to sleep on the track, and was run over and killed by the train.

It will probably never be known how he met death.

LONG AND USEFUL LIFE IS ENDED

Mrs. Mary E. Greever Dies at Her Home in Burke's Garden at Advanced Age.

Burke's Garden, June 23. "Sunset and evening star, And one clear call for me!

And may there be no moaning of the bar, When I put out to sea.

But such a tide as moving seems asleep, Too full for sound and foam, When that which drew from out the humble deep

Turns again home, Twilight and evening bell, And after that the dark!

And may there be no sadness of farewell, When I embark; For, though from out our bourne of time and place

The flood may bear me far, I hope to see my Pilot face to face When I have crossed the bar."

Thus it was with Mrs. Mary E. Greever, only child of Mr. and Mrs. Stephen Spracher, and wife of Mr. John D. Greever. She was born in Burke's Garden, Tazewell county, Virginia, August 9, 1844; became a member of the Methodist church at the age of thirteen; was educated at Wytheville Female College; was married on October 19, 1865; became the mother of four sons and four daughters, all of whom except one, still survive her; and died at her birthplace on June 18, 1910.

The funeral services were conducted from Central Church on Monday morning, June 20th, by Revs. W. M. Patty and E. L. Richie, of this place and Rev. H. E. Bailey, of Giles County, in the presence of a large concourse of bereaved friends and relatives. The entire family—Mr. E. L., Prof. A. S., and Rev. W. H. Greever; and the daughters—Misses Ida, Margaret and Emma Greever, and Mrs. C. J. Moss, were present to hear the words of comfort, hope and encouragement which were read and spoken by the ministers. The choir sang softly and sweetly, and the floral offerings were beautiful to see. The pall bearers were Messrs. George W. and R. S. Moss; George Litz, R. M. Lawson, John P. Gose, John Ruddy, and Mr. Ritter.

Mrs. Greever was wife, mother, friend, Sunday school teacher, missionary worker, preacher's helper; in short, a woman whose character was adorned and beautified by the cultivation of all the Christian graces.

The Baby Dead

Mr. and Mrs. Chas. Larimer have the deepest sympathy of the community in the loss of their baby. It was born last Saturday morning with little or no signs of life. Although there were several pulsations of it's heart it never breathed, despite the most untiring efforts of physicians. The little form of the fine, large baby girl was laid away on Sunday afternoon, in the new cemetery. The mother and father are greatly grieved over the disappointment and loss. The mother is doing well.

A pretty wedding occurred in Graham on Wednesday evening at the home of Mr. and Mrs. Cassell Porter, when their daughter, Miss Anna Bell, became the bride of Clarence Hoge Mahood, of Graham. The ceremony was performed by Rev. Mr. Kegley, pastor of the Lutheran church, of which the young people are prominent members. The young couple received a number of handsome presents from their friends throughout this section, where they are well known and popular. The bride was becomingly attired in white satin and carried a beautiful bouquet of lilies of the valley and bride's roses. After the ceremony the bride and groom left for an extended tour of the eastern cities. Many of the friends and relatives of the contracting parties from the county attended the wedding.

Sorry to Lose Them

With the closing of the High School the town is to lose several of the splendid teachers. Misses Calhoun, Graybill, Rodgers, Knappenberger and Eanes will not return next year. These fine women and faithful teachers leave with the love and respect of all the people of the town. They have wrought well. They have contributed much to the success which the school has made this session. In church and society they have been equally zealous and useful and each of them will be missed. Their pupils, many of whom they taught the first steps in the educational career, will remember them kindly and lovingly as the years go by, and all of us wish them continued success and happiness, and that each of them may sometime visit Tazewell again.

Art Exhibit

The art exhibit of Miss Georgie Crockett's art class in the High School, occurred on last Friday afternoon in the upper hall of the High School building. The exercises were in the nature of a picture show, where all the pictures were the products of home talent. The exhibit embraced paintings in oil, crayon, charcoal work; china painting, painting from still life, etc. Several of the paintings were considered very fine, and were highly praised by the many patrons of the school who attended the exhibit. Miss Crockett was the recipient of many congratulations from the people of the town and community over the successful manner in which she conducted her class the past session.

Carnival Coming!

Next Monday, the Southern Amusement Company will begin a week's performances and show in this town. Circulars and posters giving particulars will be distributed on the streets and through the community tomorrow and Monday. This show has a good reputation in the towns where it has appeared. A Tazewell citizen who saw the whole thing a few days ago, said on yesterday that it was all right in every way, and that the balloon ascension was very fine. The balloonist is a one armed man and a wonderful performer. The carnival will afford the people much amusement and entertainment these nice moonlight evenings.

Another June Wedding

On Wednesday of this week, Raleigh I. Blankenship and Miss Margaret Stinson, of Raven, were united in marriage by J. N. Harman. The marriage took place at the residence of Mr. Harman in this town. The two young people are well known and very popular. May success attend them through life in the wish of a host of friends.

Malachi Caudill Dead

Will Asbury who seriously cut Malachi Caudill, in Thompson Valley several months ago, and who was later charged with the crime by a grand jury and sentenced to three years in the penitentiary, may have to face the charge of murder when his term in the state's prison expires. Caudill died in Thompson Valley on last Saturday from the wounds inflicted by Asbury, which may change the charge of deliberate wounding to murder. The commonwealth's attorney has the matter under consideration, and may ask a re-indictment by the next grand jury.

BEAR STORY BROKE UP THE MEETING

Next Convention Will Discuss Vegetable Culture. The Comet Egg.

The club was called to order promptly at eight o'clock last night. The roll call showed 753 members present. A number of the chairman of the various committees were silk hats and were in full dress, and a great deal of dignity was shown in the early stages of the meeting, but was not apparent later. A little misunderstanding between several members as to a question of veracity caused, among other things, the battering of several of these hats. Some of them were "stove in" to fit clear down on the shoulders of the wearers.

The President called for the report of the committee on "The General Condition of the Brotherhood," and the report stated among other things, the cause had received new life and new impetus had been given to it everywhere by the return to this country of Most Worthy Right Honorable Chief Exponent and Founder Theodore Roosevelt, who had been absent for more than a year on a big hunting trip, and that great interest now centered in his book soon to be issued giving an account of "Big Game Hunting in Africa."

This piece of literature promises to be a valuable addition to the libraries of the clubs of the country. A motion was made to purchase a copy of the book for each member of the Club here, but was voted down. It was the unanimous opinion of the club that it is fully able to write its own literature, and tell its own stories. That there is talent of a high order of the kind amongst us, and it should be encouraged and developed. There was great applause.

After much discussion the sergeant at arms, brother Hagy, rose to relate an experience he had last winter fox hunting, but was ruled out of order. Other members all over the house were on their feet clamoring to be heard, but were ruled out of order, and a general stampede prevented.

The committee on astronomy reported that Halley's comet had disappeared from our midst, but left a trail behind it. One remarkable effect of the comets visit was reported, handed in by the President. A hen in his community had laid an egg of the exact shape of the comet, tail and all. The explanation of the phenomenon was that the hen gazing through an opening in the henhouse at night, had caught sight of the comet, and that this gazing had its effect upon her "last lay," hence the egg.

The committee on decoration was directed to have the egg framed and hung on the walls of the lodge.

The committee on new clubs reported the request for charters from several points. A club will be instituted at Pocahontas with headquarters in the Headlight office. The charter fee of \$500 being duly paid, the charter was granted, and a committee appointed to go to Pocahontas and initiate the officers and report.

A member related a bear story, the substance of which is published on the inside of this paper, to the effect that Dr. Davidson had captured two cubs recently, the old bear getting away. This announcement caused a stampede. Brother Hagy called his sink hole hounds and started at once for the scene, followed by a number of the members, all loaded for bear.

The club adjourned, the committee report on vegetable culture being postponed for one week.
